Foreword

First Edition

The merger of two country churches in the early 1960’s started it all.

Leo Heinz, pastor of St. Paul’s and Salem Lutheran Churches on North County Road 128 in Sandusky County, Ohio, talked to me in regard to vacating one of the church properties. He was concerned that there would be a problem because of the condition set down by the original property donor as to the use of the land. The land was to be used for construction of a church. If it was no longer to be used as a church, it was to revert back to his existing heirs. Since the congregation had been established in 1845, the number of descendants could be quite large.

At this point, I became hooked on genealogy - how many descendants were there? I should mention that the original land owner happened to be Peter Hetrick - my great grandfather. My father, Philip H. Hetrick, told me that Peter had come from Northumberland County, Pennsylvania and had thirteen children. Most of his children married and settled in Rice Township or in the surrounding area.

The early spiritual needs of the people were met by periodic visits from pastors traveling out of Tiffin and Bucyrus. Of these early preachers, only Rev. A. A. Conrad of Tiffin kept written records. Pastor Conrad had been assigned to organize congregations in Sandusky County. In 1843, he helped incorporate St. John’s Lutheran Church in Fremont and encourage a recent seminary graduate, Henry Lang, to serve as minister to both St. John and Salem congregations at Four Mile House, west of Fremont.

In 1845, Pastor Lang organized the St. Paul congregation at Mud Creek, three miles north of Salem on North County Road 128. Before 1845, the Rice Township people gathered to worship in Peter Hetrick’s barn or in Adam Kreilick’s double cabin, located across the creek. Around 1848, a log building was created for a church. It contained plain seats and a table was used for the pulpit. The men used to flip their jackknives into log walls to be used as hat racks. A brick church was finally erected in place of the log building in 1867.

Henry Lang served the Salem and St. Paul congregations from 1843 until 1879. His records have proven to be among the best sources of genealogical information in Sandusky County for the Hetrick family.

I would like to note at this point that the St. Paul property did not revert back to the Hetrick heirs. The church building was torn down but the land, including the adjacent burial ground is being maintained by the joint Faith Congregation as Faith Lutheran Cemetery.

In 1975, armed only with my great grandfather’s birth date, my husband and I followed my research trail to Northumberland County, Pennsylvania. Our first stop was to look up the director of the Historical Society in Sunbury, the county seat of Northumberland County. He arranged for us to meet Jack Hetrick. Jack had researched the Hetrick lineage back into Germany for his membership into the Sons of the American Revolution (SAR). His research revealed many common ancestors.

While in Sunbury, we were directed to Himmel’s church, located near Rebuck in lower Mahanoy Township, Northumberland County, twenty miles south of Sunbury. The Himmel congregation was established in 1774, before the Revolutionary War. In a history of the congregation written by John Carter, I discovered that Nicholas Hetrick, Peter’s grandfather, was a charter member and elder. His first son, John Peter, was the third child to be baptized in the congregation, on July 3, 1774. John Peter is the father of George, who ended up in Sandusky County in 1831. Nicholas and his wife were buried in the adjoining cemetery; however their headstones are now missing. During its history, the church building has burned twice. Many stones were removed and disposed of during subsequent rebuilding and expansion projects according to Jack Hetrick. Himmel’s, like St. Paul’s in Ohio, has preserved much of the Hetrick family history.

I have always wanted to publish my Hetrick family research, but it was not until I came in contact with Milt Hetrick, Jr. (who was also born and raised in Sandusky County and now resides in Littleton, Colorado) and his computer that my dream materialized. With his help in organization and presentation as well as his own Hetrick research, we are presenting this First Edition of the Hetrick Family History of Sandusky County, Ohio.

We hope you will be inspired to continue the researching of your Hetrick relatives and to get acquainted by correspondence or even family gatherings.

Frieda (Hetrick) Ried
Second Edition

After the "First Edition" was published in 1997, Frieda (Hetrick) Ried continued her research of the Hetrick Family history. The "Second Edition" includes everything that was in the First Edition plus additional research. It comes closer to fulfilling the dream Frieda had - to illustrate how the Hetrick families in Sandusky Co., Ohio were linked to the original pioneer families. It is our hope that this edition now identifies the many other families that have been joined together and contribute to this proud heritage. Although a "family history" is never complete, or totally correct, we still offer it to illustrate the known connections between a number of families who have common ancestry and "roots" in Sandusky Co., Ohio. We hope this family history also helps preserve some of the memories of our ancestry.

As the editor, I'm honored to represent Frieda and assemble her research into this document. We both want to thank the many contributors who provided names, dates and places that made this Second Edition possible.

Although this edition includes all the information that was in the First Edition, there are several changes and additions.

1) A number of people provided additional information about their family members such as occupation, church affiliation, etc. Although it has added to the size of this already large document, we have tried to include as much of this detail as possible to make this family history more than just a list of names, dates and relationships. Instead of having a separate section entitled "Snippets," this additional information has been included with the appropriate individuals and labeled "More About" or "Notes".

2) We have added a "fourth branch" to the family tree that was not included in Frieda's original research. For completeness, we wanted to acknowledge that Mary (Polly) Hetrick (sister of George) and her husband, Paul Fought also settled in Sandusky Co., Ohio in the 1830s. Although limited, we have included a number of Paul & Mary (Hetrick) Fought's descendants in the Second Edition.

3) We have added more information about the common ancestry of the four pioneer families. Mary, George, Peter & Philip Hetrick were grandchildren of John Nicholas and Anna Catharina (Brosius) Hetrick who are the common ancestors of all the Sandusky Co., Ohio descendants in this book. John Nicholas Hetrick was born May 4, 1752. Some 252 years later, his 6th great grand daughter, Sadie Lynn Hinton, born on Jan 19, 2004, was the newest descendant to be added to this Second Edition of the family history as we prepare to "go to print."

4) In addition to ancestry information about the Hetrick and Brosius families, we have included ancestry of Paul Fought, husband of Mary; Catherine Hendricks, wife of George; Judith Hensel, wife of Peter; and Anna Mary Kreilick, wife of Philip Hetrick.

Again our apology to those whose names we have omitted, spelled incorrectly or assigned incorrect dates, places of birth, etc. An electronic version of this document as well as future updates and corrections will be available at www.hetrick.info

Introduction

I. Ancestors of the Mary, George, Peter, and Philip Hetrick Families

Mary, George, Peter, and Philip Hetrick moved to Sandusky Co., Ohio in the 1830’s.

Although research continues, current information indicates Mary, George, Peter, and Philip Hetrick had common ancestors, namely their grandparents: John Nicholas and Anna Catharina (Brosius) Hetrick who resided in Northumberland Co., Pennsylvania.

As illustrated in Table I, Mary and George were the children of John Peter and Maria Elizabeth (Schmidt) Hetrick and first cousins to Peter and Philip. Peter and Philip are currently believed to have been brothers and the sons of George Philip and Catharina (Reitz) Hetrick.

**John Nicholas Hetrick Family History**

\textit{J. Nicholas Hetrick} was born in Berks Co., Pennsylvania on May 4, 1752. As indicated in Figure 1, Nicholas’ ancestors can be traced back to his parents, \textbf{Christopher} and \textbf{Magdelena (Sontag) Heydrich}. Christopher’s parents were \textbf{Johann Adam} and \textbf{Elizabeth (Faust) Heydrich}. Johann Adam’s parents were \textbf{Goedtmann} and \textbf{Margaretha Heydrich} who were born around 1616 in Oberalben, Germany.

\textit{\textcolor{red}{Editor Note}}: This information was collected from a number of sources including the results of research by Jack K. Hetrick of Northumberland, Pennsylvania. M. Louise Hetrick, Camp Hill, Pennsylvania, & Mrs. Allen Chamberland, Rockville, Indiana. A compilation of the Hetrick family history can be obtained through the LDS Family History Center on microfilm. It is also available in the LDS Ancestral File version 4.16 under Goedtmann Heydrich, Copyright August 1993 by the Church of Jesus Christ of the Latter-day Saints.
Christopher Heydrich emigrated from Germany in 1738 with two of his brothers, Johan George and Peter. Their homeland was southwest of Frankfurt in what is now the German State of Rhineland-Palatinate (Rheinland-Pfalz in German). It has been said that the reasons for emigration from Europe are as varied as the number of emigrants. We can only speculate on the specific reasons why Christopher and his two younger brothers left their homeland in 1738. Certainly years of political and religious oppression were one possible reason. The people of the Rhineland-Palatinate region had suffered from numerous wars that decimated the population.

The centuries old political turmoil of Europe was heightened by the religious conflicts within Germany in the early 1500’s with the Reformation movement started by Martin Luther. The Thirty Years’ War began around 1618, about the same time we believe Goedtmann Heydrich was born.

“By the end of the war, economically and socially, Germany had lost about one-third of its people to war, famine, and plague and much of its livestock, capital, and trade. Bands of refugees and mercenaries roamed the countryside, seizing what they could. Scarcely had they recovered from the Thirty Years’ War when the princes and the emperor plunged into a variety of new dynastic struggles. In the west, the princes were involved in four wars by which Louis

2 George (b.1706 - d. 1775) joined the Moravian Church in Lebanon Co., PA
3 Peter (b. 1710 - d.1789) became a Lt. Colonel in the army during the Revolutionary War.
XIV strove to extend French territory to the Rhine. Large, well-trained, well-equipped armies fought in Bavaria and western Germany, wreaking havoc and ruin. When both sides were exhausted, they accepted the Peace of Utrecht.  

Under French Catholic rule in the early 1700’s, Protestants living in the Rhineland would have been in the minority. Hearing of a place in the “New World” called Pennsylvania with a government designed specifically to respect religious differences, Christopher, Peter, and George may have decided to pursue this new opportunity for religious freedom.

Christopher was the ninth child in his family and had three older brothers. Christopher was 26 when his father died. It is possible that he and his two younger brothers felt there was little opportunity for them to acquire land in the Ulmet region. The availability of rich farmland in the New World may have been very enticing to these young men.

Whatever their reasons, Christopher and his two brothers decided to leave their homeland.

Their emigration from Germany was recorded when they and fellow passengers aboard the ship “Robert and Alice” appeared at the Philadelphia courthouse on September 11, 1738 to “take and subscribe the Oaths to the Government.”  

The handwritten record is provided in the Figure 2 below.

This record illustrates that both Peter and Christopher were literate and able to sign their names. It might be noted from this record that approximately half of the passengers aboard the ship signed with their “mark” rather than their signature.

A close-up view of Peter and Christopher’s signatures is shown in Figure 3. Early Hetrick ancestors continued to communicate in German up to and including the early Ohio Pioneers. They used Kurrent (Old German) script as illustrated in Figure 3.

A translation of these names is provided in Figure 4. The names of the three brothers translated from the handwritten record are Petter Heydtrich, Christoff Heydricht, and Johan Gerg Heitrich.

Upon arriving in Philadelphia, Christopher is said to have “gone immediately across the Blue Mountain, never to be seen by his people again.” There is some evidence that he was married to Magdelena Sontag in Tulpehocken, Berks Co. (on the Southeast or Philadelphia side of the Blue Mountain) where his first three or four children were born. It appears that Christopher and Magdelena did end up in Pine Grove Township which is on the Northwest side of the Blue Mountain. Pine Grove was originally in Berks Co. (1752), then Northumberland Co. (1772), and eventually became part of Schuylkill Co. (1811).

J. Nicholas Hetrick, the fifth child of Christopher and Magdelena, was born in 1752. He married Anna Catharine Brosius in Stouchburg, (now in Marion Twp.) Berks Co. on May 8, 1772, four days after his twentieth birthday.
Nicholas fought in the Revolutionary War with the First Battalion, Northumberland County Militia in the Fourth Company. He was commissioned 12 April 1782. He is also listed in the DAR Patriot Index, Page 320. Nicholas' uncle, Peter Heydrich was a Lt. Col. in the Revolutionary War.

Nicholas was one of the founders of Himmel's Church in Rebuck, Pennsylvania located in lower Mahanoy Township (now Washington Twp.), Northumberland County, Pennsylvania. He owned at least 356 acres of land in Mahanoy Twp. at the time of his death, which was willed to his children, share and share alike. His second wife, Anna Maria, was willed 100 pounds and articles necessary for her personal needs.

Anna Catharina (Brosius) Hetrick Family History

Anna Catharina Brosius was born in Berks Co., Pennsylvania one year after Nicholas on Sept 15, 1753. Her father, John Nicholas Brosius, was also born in Pennsylvania but her paternal grandfather, Johan George Brosius, was born in Weierbach, Germany. As indicated in Figure 2, the Brosius family can be traced back to Conrad Brosius who was born around 1639 in Germany.

II. Biographical Sketches of Mary, George, Peter, & Philip Hetrick

The families of Mary, George, Peter & Philip Hetrick were obviously unique. Yet they did share a common ancestry as well as common challenges presented by landscape of Sandusky Co., Ohio.

When the first European settlers arrived in northern Ohio during the early 1800s, portions of Sandusky Co., Ohio were populated with dense forests. Much of this forested area was rooted in marsh land - hence its name, the Black Swamp. Early settlers were confronted with a number of challenges as they transformed this land into viable farmland. These challenges included lack of roads, excess standing water, dense forests, life-threatening wildlife, varmints, and annoying insects.

By the 1830s, the British and Indian hostilities had subsided and the effort to transform the land began in earnest. Roads were cut through the swamp. The original forest of the Black Swamp encountered by the pioneer families, when they first arrived, must have included old growth with trees of enormous girth. Trees were cut and their logs sawed into lumber for constructing homes and barns; branches were trimmed into firewood for heating and cooking. Stumps were pulled out of the ground to create planting fields. Ditches were channeled through the fields to drain the standing water off the fertile soil and direct it into nearby tributaries such as Mud Creek or the Portage River that flowed into Lake Erie. Converting the Black Swamp to farmland was a painstaking chore and required intense physical labor. That’s exactly what the early pioneer families did.

A key aspect of early rural living was self-sufficiency. Pioneer families “lived off the land.” They grew their own grains, fruits, and vegetables. They raised domestic animals for milk, eggs, and meat. They built local schools to provide education for their children. They formed religious assemblies for their spiritual needs. “Waste not, want not,” was an underlying ethic they practiced in their everyday lives. Early settlers showed an inherent respect for what they produced from the land. This respect was often expressed by the simple utterance of a prayer of thanksgiving before each meal.

Mary, George, Peter & Philip Hetrick had a total of forty six children who survived infancy. Over 5000 direct descendants of these four families have been identified in this family history.

George and Catherine (Hendricks) Hetrick Family History

It appears that George moved from Perry Co., Ohio to Sandusky Co., Ohio just prior to Peter and Judith who arrived in 1832. Peter and wife Judith moved from Northumberland Co., Pennsylvania with their two oldest sons, Jacob and Daniel. About two years later in 1833 or 1834, Philip also moved from Northumberland Co., Pennsylvania to Sandusky Co., Ohio.

George Hetrick, Sr. (or Hettrick) was born 23 Sept. 1809 in the area later to become Perry Co., Ohio, and died 3 Apr. 1861 in Sandusky Co., Ohio. He was married 15 June 1832 in Sandusky Co., by Jacob Bowlus to Catherine Henricks, a daughter of Jacob Henricks and Elizabeth Hoffert. In the marriage record her name is spelled “Catherine Hendrick.” Katie, as she was called, was born 8 Dec. 1811 probably in the area later to become Perry Co., Ohio, and died 10 Aug. 1854 in Sandusky Co., Ohio.

George Hetrick moved to Sandusky Co., from Perry Co., Ohio about 1830 and was the first Hetrick in Sandusky Co. He settled on 81 acres of land in Sect. 14 NE, Washington Twp. in 1831. His home and farm is located 1 mile north of Route 20 west of Fremont on the NE corner of Sandusky Co. roads 81 and 106. This land was still in the family in 1977. The farm is marked by a blue silo and an old red brick shed. In 1833 the first school-house in Washington Twp. was built on the Hetrick farm.

On his father’s death in 1847, George and Catharine inherited 1/6 part of his land in Sect. 13, Twp. 17, Range 18 in Hopewell Twp., Perry Co. Ohio. They soon sold this on 5 Oct. 1847 to George’s brother-in-law, Henry Anspach for $300. In the 1850 census, the Hetricks were still residents of Washington Twp. They belonged to the German Baptist church.

there, and were buried in the Four-Mile House Cemetery, Sandusky Co., Ohio. By 1860, George and Catherine also owned an additional 30 acres in Section 11 SE.

Mary (Hetrick) & Paul Fought Family History

Mary Hetrick and Paul Fought were born in Perry Co., Ohio and were married there in 1838. Their first child, Amos was born in Perry Co., Ohio in 1839. Some records indicate they moved to Tinney in Sandusky Co., Ohio around 1841. We do know that they were in Washington Twp., by 1844 when their fourth son Israel was born. Mary & Paul had thirteen children together, namely Amos, Simon, Eli, Israel, Eliza, Jeremiah, Sarah, Mary, Emma, Lucy, Alice, and Alvin and an infant. After Mary’s death in 1865, Paul married Miss Sarah Parrott, and to this union was born three children, namely John, Otto, and Ella. Research continues on the Mary & Paul Family history. In 1860, Paul and Mary owned land in Sections 2 SE & 14 NW of Washington Twp., just north of Mary’s brother George.

Peter and Judith (Hensel / Hentzel) Hetrick Family History

Peter Hetrick moved to Rice Township, Sandusky County, Ohio in 1832 from Northumberland County, Pennsylvania with his wife and sons, Jacob and Daniel. He bought 160 acres of land from the State of Ohio on July 2, 1832. According to the deed, it is described as the Southeast quarter of section number thirty-one (31) Township six north in range number fifteen east. The deed was recorded July 22, 1834.

Peter helped found the St. Paul's Lutheran Church and gave the use of his barn and house as a meeting place until a log building was erected in 1844 on land which he deeded to the congregation for church use.

"Peter Hetrick was the first of the Pennsylvania Dutch arriving in the (Rice) Township. He came to this community while still a boy in the 1820's but then returned to Pennsylvania. The memories of the Black Swamp remained in his mind and after being married, he decided to return again to this area in 1832. His eight sons were instrumental in clearing the forest. Other settlers coming from Pennsylvania were Adam Kreilick in 1834 followed by Michael and Hugh B. Hineline."  

10 Although it appears Peter’s cousin George arrived a year earlier, George was born in Ohio. Thus Peter was probably the first Pennsylvania Dutch to move from Pennsylvania into Sandusky Co.  
11 It is possible that Peter’s first visit to this area in 1820 was linked somehow to his Uncle John Peter and cousin George who lived in Perry Co., Ohio approximately 120 miles south (40 miles east of Columbus) at that time. Both George and Peter moved to Sandusky Co. within a year of each other around 1832. However, there is no evidence of any correspondence at this point in the research.  
12 "The Land I Call Home" by Mrs. Donald Schatt, 1965. - provided by Frieda Hetrick Ried, 1977.
“About 1832, the western part of Rice Township began to fill up with what is commonly known as “Pennsylvania Dutch”. Peter Hetrick settled near the present location of the St. Paul’s Lutheran Church. He had a family of eight sons and five daughters and with considerable labor the forests were reduced and from the openings made, fine farms were soon cleared up. Peter Hetrick and Adam Kreilich were the leading members of the Lutheran Church and meetings were held at their residences. Rev. Henry Lang of Fremont, Ohio then formally organized a society in 1843, and in 1844 a log church was built. Services were in German.” 13

“We know that Peter Hetrick migrated from Pennsylvania and with the Druckenmiller family, settled in Rice township of Sandusky County, Ohio. Peter Hetrick settled on a farm just north of the present Mud Creek church. At that time, however, there were no roads extending north of McPherson highway so it was necessary for the party to clear their own road, cutting trees and filling in swamps.

The church services of the community were held in the Hetrick barn, later in a log house, erected for that purpose, on the Druckenmiller property a few miles north. The present church and cemetery are located on the original Peter Hetrick land and it is in this cemetery that the family is buried.

Judith Albert Hetrick accompanied her husband, Peter, on the covered wagon journey to Ohio, but little is known of her personal character. She was strong physically and was a great aid in settling in the new country. She lived to be over ninety years old. Those who knew her tell of her decided German descent and of her speech which was mostly Pennsylvania Dutch. There were twelve children of Peter Hetrick, eight boys and four girls.” 15

Peter Hetrick also purchased 80 acres of additional land from Oliver and Laura Phelps of Canadigua, Ontario Co., New York. According to the deed, it is described as the North Half of the Southeast quarter of section number twenty nine (29) in Township six north in range number fifteen east in Sandusky County. The deed was recorded on October 7, 1853. 16 This land was later farmed by his son David, then David’s son Abner, then Abner’s sons, Milton Sr., Vincent, & Carroll. At the time of writing this document, the land has been in the family for over 150 years and is currently owned by Milton Sr., and Terry Hetrick (son of Carroll).

“Peter Hetrick, one of the old pioneers of Sandusky County, died at his residence in the western part of Rice Township, Sunday morning September 21, 1879, from cancer of the stomach. Mr. Hetrick was born in Northumberland County, Pennsylvania, October 5, 1806. He was married April 4, 1828, and moved to Rice Twp. in 1832, where he has resided ever since on the same farm. He leaves a wife older than himself, smart and enjoying good health.

He was the father of thirteen children all but two are now living, the grandfather of sixty seven, ten of them deceased, and the great-grandfather of eleven one of them deceased. All this numerous family are worthy and honored members of the Community.

The funeral services were held at the residence of the deceased and were conducted by Rev. H. Lang. Father Hetrick and all his children were members of the Lutheran Church. Rev. Lang has baptized all of father Hetrick’s host of dependents and most of them have been confirmed in the Lutheran Church.” 17

Philip and Anna Mary (Kreilick) Hetrick Family History

It is believed that Philip Hetrick, (b. 1810, d. 1892) was a brother of Peter. Philip came from Northumberland County, Pennsylvania around 1833 and settled in Rice Township, Sandusky County on land near Peter’s. Philip married Anna Mary Kreilick, a half-sister of Adam Kreilick who helped found St. Paul’s Church. Mary and Adam’s father was John Adam Andrew Kreilick. In 1860, Philip and Mary owned land in Rice Twp. Section 29 NE, adjacent to the farm then owned by David Hetrick. Mud Creek ran through the farm on the southern border.

III. Geography of Ancestral Homelands

Several maps are included in this section to help locate the homeland of George, Peter, and Philip Hetrick’s ancestors. George, Peter, and Philip’s common ancestors were J. Nicholas and Anna Catharine (Brosius) Hetrick. Based on American records, J. Nicholas Hetrick’s father, Christopher, (and Christopher’s two brothers Peter, and Johan George) left their German homeland, traveled to Rotterdam, boarded the ship Robert & Alice, sailed first to Dover, England and on to Philadelphia, PA where they took their oaths to the government on September 11, 1738.

Germany

Both the Hetrick and Brosius ancestry can be traced back to a region of Europe that is now the Germany State of Rhineland - Palatinate (Rheinland - Pfalz in German). Anna Catherine Brosius’ paternal grandparents were also born in this same region.

“Palatinate, or Lower Palatinate, is the name of an imperial region west of the Rhine. Also called the Rhenish Palatinate, German Rheinpfalz or Niederpfalz. The Rhenish Palatinate, which historically comprised territory west of the Rhine River in central Germany, was incorporated into the State of Rhineland-Palatinate in 1947.”

The region of Europe these families left behind had a number of striking similarities to the land they moved to in Pennsylvania. Although the Rhine valley is one of the chief centers of the German grape culture, additional crops of the area are cereals, sugar beets, and potatoes which are also important crops of Pennsylvania and Ohio.

German records show that the Ulmet Parish in the Palatinate region provided an unusually large number of emigrants to Pennsylvania - among the names are Christopher, Joh. Georg, and Peter Heydrich (1738); Abraham, and son Nicholas Heydrich (1739); and later Nickel Heydrich (1742). By 1776, there was only one Heydrich household (with three sons) remaining in the area.

From their American emigration records, it is known that Christopher and his two brothers left Europe from the sea port of Rotterdam at the mouth of the Rhine River. The Rhine, probably the most important river in Germany, forms part of the borders with Switzerland and France before flowing into the Netherlands. It is possible they traveled overland from the Oberalben / Ulmet region to the Rhine and then completed their journey to Rotterdam by boat down the Rhine as illustrated in Figure 6.

2. Christopher Heydrich, son of Johann Adam Heydrich and Anna Elizabeth Faust, was born on 10 Feb 1704 in Oberalben, Parish Of Ulmet, Pfalz, Rhineland, Bavaria, Germany and died on 6 Oct 1781 in Pine Grove Twp, Berks (Schuykill) Co, Pennsylvania, at age 77. Another name for Christopher was Christoph Heyderich Or Heydrich Or Hedrick.

Notes: Christopher arrived in Philadelphia of September 11, 1738 at the age of 34 on the ship "Robert and Alice." Abraham, Peter, Gerit and John George Heydrich were all on the same ship. Christopher wrote his name on the ship log in German script instead of a "Mark". He settled in Pine Grove Twp, Berks (Schuykill after 1810) County sometime after he married Magdelena in 1747.

Christopher fought in the French and Indian War in Pennsylvania and purchased land in the Rehersberg area of Berks County- Andolhea Manor. (Additional research of Berks County deeds is needed.)

“He settled and bought land at Richard Penn's manor at Little Nwatar (Andolhea Manor) surrounding Rehersburg, Berks Co., Pennsylvania. Next to him according to an early map was his brother-in-law, Johann Adam Sontag. According to the Berks Co. deed, John Adam Sontag married Anna Elizabeth Pfaff. Theretofore to be a brother-in-law, the wife of Christopher must have been a Sontag. (More research is needed to prove this.) It is believed that Jacob, Peter, and Adam Hedrick who settled in western Pennsylvania were possibly Christopher's children.” [Reference: letter to Mrs Ira Hetrick, from Tom Neel, dated 7 November, 1977.]

“Christopher is traced to Himmel's Church records and is listed in the Vital Records of Northumberland County, Pennsylvania.” [Reference: Research material from Jack Hetrick]. Christopher was active in the Lutheran Reformed Church. Christopher's children Peter, John Nicholas, Christopher (Jr) and Adam attended the Himmel's Church. Their wives attended Holy Suppers regularly but the men's names are only seen in church records occasionally.

The name “Hetrick” is found in many different forms throughout our family history. Heydrich, Heydrich, Heitrich, Heyderich, Hedrich, Hederich, Haedderich, Hedrick, Heidrich, Hetterick, Hetrig, Hydric, Heigdrick, Heidrigh, and Hetterick, are but a few of the ways it has been spelled in census records, tax records, land patents, church records, ship passenger logs, etc.

12. Niclaus Schaffer, son of Peter Schaffer and Anna Margaretha?, was born about 1670 in Relsberg, Germany and died about 1740 in Tulpehocken Twp, Berks, Co., Pennsylvania, about age 70.
Notes: Johann Niclaus was called a Smith at Lohnsfeld, Germany in 1701 and referred to as a "Smith and Gemeinsmann" in Relsburg, Germany from 1703 to 1709. He was about fifty years old when he, his family and the Sebastian Fischer family left Germany for America where they were promised land by the representatives of William Penn.

Niclaus, his wife, Maria Catherine, and their six children were in the sixth party of Palatintes in Holland in the year 1709. Niclaus first appeared on the Hunter Lists in New York on July 4, 1710 and he was naturalized in Albany, New York on October 11, 1715. (The Palatine Families of New York, Henry F. Jones) Johann Nicolas and his brother, Frederick, settled in Schoharie Valley 60 miles from Livingston Manor N.Y. in late fall of 1712. Over time several events evolved where they became dissatisfied with their treatment from the British and decided to leave the area.

John Niclaus Schaffer was among the original Palatinate families who arrived in the Tulpehocken area of Berks County, Pennsylvania on April 25, 1723 from New York. A description of the journey from Schoharie County, New York to Pennsylvania, which these original settlers made (The German Emigration from New York Province into Pennsylvania-Henry Richards 1899)

"Guided by the Indians, and not under the leadership of either the elder Weiser, or his gifted son, as some suppose, both of whom came later, the pioneers of 1723, with much toil and labor, cut their way through the forest, after which, with their wives, little ones, and animals, they followed, by day, the scanty track they had made in the woods and slept at the foot of it's trees, woed to slumber by it's ceaseless noises, during the night, until the forty or fifty miles, which separated them from the (Susquehanna) river had been traversed."

"Then came the building and launching of heavy rafts, to contain their domestic utensils, and of the light and speedy canoes for themselves, on which they were to continue their long journey to the haven of rest, accompanied slowly by their cattle, driven along the river's banks. As forest and open space, trees, rocks, and sandy beach, succeeded in each other, with tiresome monotony, and as camp-fire at the close of day, they little reckoned that they had swept by the spots where the flourishing towns of Binghamton and Oswega were, later, to stand. As they rounded the curve where the Lackawanna joins the Susquehanna at Pittston, who was the wizard of their number whose divining rod would point to the priceless diamonds beneath them and tell them that their dumb animals were treading underfoot riches of far greater value to mankind than all the pears and rubies for which the world was striving? Whose fancy amongst them all would have pictured or imagined the beautiful city of Wilkes-Barre, and the cola breakers everywhere rearing their heads into the air as though they were indeed giants issuing from their long slumber in the bowels of the earth? As they exchanged greetings with the Indians, in their village of Shamokin, can it be that there rose up before any one of them a picture of the hideous scenes of their near future, or any foresight of their murdered sons, and daughters and the blackened ruins of the homes towards which they were hastening, or did the troubled dreams of any other reveal to him the fort at Sunbury, no longer Shamokin, filled with it's soldiers, and sound into his astonished ears the booming to it's guns?"

"Down the Grand Stream, which was bearing them, they slowly floated until their watchful eyes caught sight of a long log cabin on its shores, where now stands the capitol city of Pennsylvania, (Harrisburg) and as they looked upon the home of John Harris, it is altogether probable they saw, for the first time in all their journey, the dwelling of a white man. Cheered by the sight on they went, until they came to where the Swatara Creek joined it's waters with those of its mighty brother, and at the spot where Middletown now stands, our wanderers at last changed upon the home of John Harris, it is altogether probable they saw, for the first time in all their journey, the dwelling of a white man. Cheered by the sight on they went, until they came to where the Swatara Creek joined it's waters with those of its mighty brother, and at the spot where Middletown now stands, our wanderers at last changed
The Honorable Council...The petition to us, the subscribers, being thirty-three families in number, at present inhabiting Tulpehoken Creek, Humbly Sheweth that your petitioners being natives of Germany about 15 years ago were by the great goodness and royal bounty of her late Majesty, Queen Anne, relieved from the hardships which they then suffered in Europe, and were transported into the colony of new York, where they settled. But the families increasing, being in that Government confined to the scanty allowance of ten acres of land to each family were on they could not well subsist.

Your petitioners being informed of the kind reception which their countrymen usually meet with in the Province of Pennsylvania, and hoping they might, with what substance they had, acquire larger settlements in that Province, did last year (in the Spring of 1723) leave their settlements in that Province, and came with their families into this Province, where upon their arrival they applied themselves to his excellency the Governor, who, of his great goodness, permitted them to inhabit upon Tulpahaca Creek, on condition that they should make full satisfaction to the proprietor of his agents for such lands as should be allotted to them, when they were ready to receive the same. And now, your petitioners, understanding that some gentlemen, agents of the proprietor, have ample power to dispose of lands in this province. An we, your petitioners, being willing and ready to purchase do, humbly beseech your Excellency and Council to recommend us to the favorable usage of the proprietors agents, that upon paying the usual prices for lands at such distance from Philadelphia, we may have sufficient rights and titles made to us for such lands as we shall have occasion to buy, that our children may have some settlement to depend on hereafter, and that by your authority we may be freed from the demands of the Indians of that part of the country, who pretend a right thereto. And we humbly beg leave to inform your Excellency and Council, that there are fifty families more who, if they may be admitted upon the same conditions, are desirous to come and settle with us. We hope for your favorable answer to this our humble request, and as in duty bound shall ever pray.

The title to the land where the Schaffers “squatted” was disputed by the Indians and finally transferred to the Niclaus' sons, Michael, Peter and Jacob in 1739. The last record of Nicholas Schaffer and his wife were in the Reed Church records as sponsors of their granddaughter, Michael's daughter, Anna Maria on Jan 17, 1739. Ancestors of Paul F. Fought

First Generation

1. Paul F. Fought, son of Michael Fought Jr. and Elizabeth Kline, was born on 11 Jul 1818 in Perry Co., Ohio, died on 22 Jun 1904 in Sandusky County Home, Sandusky County, Ohio, at age 85, and was buried in Washington Chapel Cemetery, Lindsey, Washington Twp., Sandusky Co., Ohio.

Notes: "Paul Fought, a pioneer of Perry and Sandusky Counties (Ohio) was born July 11, 1818 and died June 22, 1904 at the age of 85 years, 11 months and 11 days.

Eighty-five years is a period that stretches back into the days when even the older portion of the state was in rather a primitive condition, and when this quarter of the state was considered wild and undeveloped western territory. Those were days of toil, hardship, of conflict with the forests, waters and more or less with wild beasts. Rugged natures and stalwart bodily frames were demanded in those times. But in Paul Fought there was a condition of will and physical energy that answered well to those sturdy and strenuous times. Farming of today compared to farming of those times is almost a pastime and recreation, but notwithstanding the hardship of pioneer farm life he made this his life work, and made a marked success of it. He accumulated quite a fortune, most of which he distributed among his children some years ago.

He was first united in marriage with Mary Hetrick, who proceeded him to the other world Feb 22, 1865, and to them were born thirteen children, namely Amos, Simon, Eli, Israel, Eliza, Jeremiah, Sarah, Mary, Ema, Lucy, Alice, and Alvin and an infant. By a second marriage he became the husband of Miss Sarah Parrot, who died June 10, 1880, and to this union were born three children, namely John, Otto, and Ella. Of these only four have been called away by death.

He came to Sandusky County about 1841 and followed his chosen occupation of farming until he retired from the farm a number of years ago.

In early life he united with the Reformed Church, but for many years, on account of impaired hearing, was not able to hear the word of preaching.

In his departure an old landmark is removed; however, the evidences of his thrift labor and economy are still remaining. And the numerous family who have been so liberally remembered by him in the days of thoughtful, fatherly interest and kindness will ever cherish the truest filial thoughts concerning those sterling and redeeming qualities in their father enumerated in this brief sketch of his life."    WILL: Frederick Co., Maryland, Register of Wills: Will Book GM #2, pp. 289-290. All seventeen children named in will.
The owner of the land was the royal Lord Baltimore. The land was being managed by a governor appointed by the English Lord. The land in Monocacy Manor was not available for purchase so farmers signed long term leases on various plots of land. After the Revolutionary War, the Maryland General Assembly took possession of the land because it had been owned by a British Lord who obviously sided with the British in the war. The long term leases were voided, and the land was divided and sold. The book "History of Western Maryland, Vol. I," by J. Thomas Scharf, published 1968, notes that 193 acres of land on which Christian Hufferd had a long-term lease was sold 10-Oct-1781 to Maj. Davidson for 1,300 pounds. The major was able to pay with army pay certificates which he had been granted as a soldier of the "Maryland line." From "Poverty in a Land of Plenty, Tenancy in Eighteenth Century Maryland," by Gregory A. Stiverson, 1977: "The auction of the Manor was held at Grost's Tavern in Frederick Town on September 10, 1782, and the tenants who assembled for the sale, many of whom were first generation German immigrants who had worked hard improving their leaseholds, must have been appalled at the number of high-ranking army officers and affluent storekeepers who had come to bid against them for their land. Monocacy tenants were among the most prosperous of any on the proprietary manors, and yet few could hope to compete with men who could pay for land with certificates that had been acquired for only a fraction of face value."

She was strong physically and was a great aid in settling in the new country. She lived to be over ninety years old. Those who knew her tell of her decided German descent and of her speech which was mostly Pennsylvania Dutch. [Reference: Sumner Walters' letter to Milt Hetrick, Jr., dated 9/16/1996.]

Henry married Margaret Emma Hineline, daughter of T.A. Hineline and Hannah Rafferty, on 22 Dec 1874.

Second Generation (Parents)

2. Conrad Hentzel, son of John Phillip Hentzel and Unknown, was born in 1755 in Oley Twp., Berks Co., Pennsylvania, died on 24 Mar 1842 in Rice Twp., Sandusky Co., Ohio, at age 87, and was buried in Hineline Cemetery, Rice Township, Sandusky County, Ohio. Another name for Conrad was Conrad Hensyl Conrad Hentzel.

Notes: The first evidence we have of Conrad and his family can be found in the Schwarzwald Church Register, Berks Co., Pennsylvania

"Conrad Hentzel and his wife Judith were the sponsors at the baptism of Daniel, (born 2 Dec. 1793), son of Wilhelm Sewitsach, on 20 Apr. 1794." Juditha was pregnant at the time, because two months later she gave birth to their son, whom they also Daniel as recorded in the Register, "Catharina Lora and Daniel Marburger were sponsors at the baptism of Daniel, son of Conrad Hentzel, on 20 Apr 1794. The child was born 5 Feb 1794." Two years later, the the Schwarzwald Church Register informs us of the death of their 10 year old son "A son of Conrad Hentzel, born 24 Sep 1785, was buried 31 Jan 1796 at age 10.4.4 " Their son's name is not recorded, but he was born about nine years earlier than Daniel.

The Schwarzwald Register covers a period of about 30 years, and is derived from a record book kept by Rev. Johann Wilhelm Boos. It was written in German, and was translated in 1939 by C. W. Unger with the assistance of William H. Dietrich. The years covered are: Baptisms, May 13, 1781 - 1809; Burials, Mar. 9 1782-1807; Marriages: June 5, 1781 - Mar 10 1782 and May 13, 1788 - 1811. The Schwarzwald Church Register information was provided by Bonnie Blau [bonnieb@sbceo.org] July 14, 2003.

The next record we have of Conrad & Juditha is in Northumberland Co., Pennsylvania, from the Himmel's Church Baptismal records, " HENSSELL: Conrad & Judith dau. Cath. b. 03/11/1806; bapt. 06/14/1806. Spon. Maria Reitz (single)." Ref: Himmel's Church Baptismal Records, page 58.

Conrad Hentzel/Hensel appears on the tax records of Northumberland County, Pennsylvania until 1832 when he moved to Sandusky County, Ohio with his daughter Judith & brother-in-law Peter Hetrick, son of Johann George Philip Hetrick.

Although we can assume the family remained in Northumberland Co., from 1806 (birth of Catherine) to when they left for Ohio in 1832, there is no record of the birth of their daughter Judith in the Himmel's record - there does appears to be a 5-6 month gap between Page 64 & Page 65 when Judith was born.

Conrad Hentzel was buried in the Hineline Cemetery across from St. Paul's Lutheran Church (later Faith Lutheran) Cemetery in Rice Twp. Sandusky Co., Ohio on County Rd 128 east of Lindsey, Ohio. The inscription on the head stone of "Conrad Hentzel" is almost illegible. d. March 24, 1842 Age 87 years. We can therefore infer, Conrad was born around 1755.

Conrad married Juditha Wust about 1784.

Children from this marriage were:

The ship's record indicates there were 111 male passengers over 16 years of age aboard. The passenger list currently available does not include other family*
members under 16 years old, but based on their age and origin of birth, we must assume that Lorentz's wife, Catherine Elizabeth, and at least their three older children children made the trip as well.

At the time John Michael was about 16 years old; Anna Marie was 12, and John Philip would have been around 4 years old. Some research indicates that their youngest son, John Casper, was born in Lancaster, Pennsylvania, about 1745.
